2 Needful action was taken in the matter It is reported that the villagers have no objection to the proposed acquisition and that they have estimated the value of the lands in question at Rs100/- per acre The Amildar who inspected the spot has stated that it is necessary to form an extension in the area in question, to prevent waste water from the town from entering the tank at the place(the water of which is used for drinking purposes), and for the construction of a road leading from the town to the said tank
